# Food Sanitation Law In Japan

March 2003

**JETRO**

Standard Information Service

## **Foreword**

JETRO compiles English materials in order to widely introduce Japan's regulations as well as relevant laws and systems to foreign parties involved. The purpose are wide-ranging, from introducing vigorous Japanese measures taken for opening its market as well as key revisions of regulations and standards, to supporting promotion of exports as well as familiarity of standardization in industries of foreign countries and heightening international understanding of Japanese systems. We hope this publication is helpful in understanding Japanese laws, standards and systems.
